

President's Perspective

This is the last time I will be writing this column, so I will take the opportunity to thank all of you for the support you've provided in my two years as president. I've been lucky to be able to work with such capable and enthusiastic officers and committee chairs who have always been willing to step up when help was needed. Also, I have received a lot of ongoing encouragement from other club members, which is much appreciated.

The club has undergone a lot of changes and faced a lot of challenges in the last few years, but we have met these challenges and are still going strong. The club is in capable hands going forward, and with your support and participation, we will continue to thrive.

LARRY
