**Linda Zurawski and Ellen Weber** raced in the **Prince Haakon 12K** and **Randee Lawrence** got her feet wet (figuratively) in the **Cheqtel 10K**. **Heide Rewerts** cheered us on all the way.

**Al Vosylius**, our oldest racer to journey to Hayward, was our only top 3 award winner and at 75 years, he had an outstanding time. Congratulations to **Brian Kearney, Larry Zurawski, and Greg Kogut** who all set personal best times by substantial margins.

It was a perfect day with excellent snow and temperatures in the 20's all day. Actually it was bitterly cold on the way to the race, settling at **-11** Fahrenheit at the parking lot (Car thermometer). But magically by the start of the race it had risen to **+10** and rapidly warmed from there.
